## **uvex suxceed diamond**

SPOGA HORSE February 2019 – uvex news

**The uvex suxceed riding helmet's classic design makes it popular in all disciplines. Its five variations – velour, glamour, luxury, luxury lady and active – fulfil every rider's personal preference. Like a starry night sky made of sparkling crystals and gleaming pearls – suxceed diamond, developed by uvex in collaboration with Swarovski®.**

For its new glam model in the popular riding helmet series, the **uvex suxceed diamond**, uvex has developed a starry sky of diamonds together with designers from Swarovski®: Swarovski® crystals and pearls in a variety of colours sparkle and shine against a silky background. The range of sparkling colours is matched to the colour of the helmet: clear, anthracite and dark colours on the black helmet, and a variety of blues and purples on the blue helmet. A unique design created exclusively for uvex. The new **suxceed diamond** – add some sparkle to your ride!

The uvex suxceed is made using the innovative hardshell technology and consists of an injection moulded outer shell and EPS on the inside. A highly effective combination to offer outstanding protection: impact-resistant on the outside, shock-absorbing on the inside. The helmet has a uvex temperature regulation system inside that always keeps your head cool. With the uvex monomatic comfort buckle, the R-FAS strap system and the IAS 3D dial size adjustment system, the helmet can be adjusted precisely to the shape of your head in every dimension, and the uvex interior, specially designed for riders, is moisture-transporting, anti-bacterial, anti-allergenic, removable and washable.

## **Made in Germany**

## **Sizes:**

XS-S (54-55 cm)

S (55-56 cm)

M-L (57-59 cm)

## **About the uvex group**

The uvex group brings together three international companies under one roof: the uvex safety group, the uvex sports group (uvex sports and ALPINA) and Filtral. The uvex group is represented in 22 countries by 48 subsidiaries but opts to locate most of its manufacturing in Germany. Two thirds of the company's 2,800-strong workforce (as of December 2018) are employed in Germany. As an outfitter for numerous top athletes, uvex acts as a global partner for international competitive sports. It views its mission statement of "protecting people" as its mandate and duty. To this end, uvex develops, manufactures and distributes products and services for the protection of people at work, sport and leisure.
